Hi Mark,

Can you please check in with Nazario again to ask if he can send us a copy of the contract with TruGreen as it relates to maintaining the medians on Sepulveda Blvd between Manchester and Howard Hughes? Just a reminder, we ultimately want the BID to have permission to maintain these medians as they are able to dedicate more time and energy, for less cost.

Don and John, Bill wants a **status report on the strip-lot dedications**. Please send ASAP.

We were going to look at the contract with TruGreen that is apparently precluding progress on having the BID provide maintenance north of Manchester. Have you been able to get a copy? We want to see the portions that identify the areas included and provisions for changing those areas. Right?

Is it difficult for us to get the copy?

Or is the problem not the contract with TruGreen?
